Independent Auditor's Report

The Board of Directors
Network for Teaching Entrepreneurship
and Related Organization
New York, New York

We have audited the accompanying consolidated financial statements of Network for Teaching Entrepreneurship and Related Organization, which comprise the consolidated statement of financial position as of June 30, 2020, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Network for Teaching Entrepreneurship and Related Organization as of June 30, 2020, and the changes in their net assets and their cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Other Information

Our audit of the consolidated financial statements was conducted for the purpose of forming an opinion on those statements as a whole. The supplementary information presented on pages 27 through 29 of this report is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements, and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements, or to the consolidated financial statements themselves, and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Report on Summarized Comparative Information

We have previously audited Network for Teaching Entrepreneurship and Related Organization's 2019 consolidated financial statements, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated December 23, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

See accompanying notes to consolidated financial statements.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

1. Nature of Organization

The Network for Teaching Entrepreneurship and Related Organization (the Organization) provides entrepreneurship education to young people from low-income communities. The Organization publishes curriculum, trains teachers to teach the program, and works with those educators to facilitate experiential learning for youth, culminating in each student's creation of an original business plan. The Organization's program is integrated into the school day, either as a stand-alone course or as modules in economics, math, or other relevant subjects.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The consolidated financial statements include the accounts of the Network for Teaching Entrepreneurship (NFTE) and NFTE Endowment Fund, Inc., a related organization through common Board membership, common management and/or common ownership. All material intercompany transactions and balances have been eliminated.

General

The consolidated financial statements have been prepared on an accrual basis and conform to accounting principles generally accepted in the United States of America (U.S. GAAP), as applicable to not-for-profit organizations. In the consolidated statement of financial position, assets are presented in order of liquidity or conversion to cash, and liabilities are presented according to their maturity resulting in the use of cash.

Consolidated Financial Statement Presentation

The classification of the Organization's net assets and its support, revenue and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of the classes of net assets—with donor restrictions and without donor restrictions—be displayed in a consolidated statement of financial position and that the amounts of change in each of those classes of net assets be displayed in a consolidated statement of activities.

The classes of net assets are defined as follows:

With Donor Restrictions - This class consists of net assets resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Organization, pursuant to those stipulations. When such stipulations end or are fulfilled, such donor-restricted net assets are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities. Net assets resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization are classified as net assets with donor restrictions - perpetual in nature.

Without Donor Restrictions - This class consists of the part of net assets that is not restricted by donor-imposed stipulations.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

Investment return, net should be reported as increases (or decreases) in net assets without donor restriction, unless the use of the income received is limited by donor-imposed restrictions or New York Prudent Management of Institutional Funds Act (NYPMIFA) (also see Note 14). Expirations of with-donor-restriction net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated passage of time has elapsed) are reported as net assets released from restrictions.

Measure of Operations

The Organization includes in its measure of operations:

- All revenues and expenses that are an integral part of its programs and supporting activities
- Net assets released from restrictions to support operating expenditures

The Organization excludes from its measure of operations:

- Investment return, net of expenses

Cash and Cash Equivalents

The Organization considers all investments with a maturity of three months or less at the time of purchase, other than those held in the Organization's investment portfolio for long-term purposes, to be cash equivalents.

Contributions Receivable

The fair value of all contributions, including unconditional promises to give, is recognized as revenue at the time that the donor's unconditional promise is received.

Conditional promises are recorded when the donor-imposed conditions are substantially met.

Fixed Assets

Fixed assets are recorded at cost. Expenditures for maintenance, repairs and minor renewals are expensed as incurred. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets. The Organization's policy is to capitalize expenditures in excess of \$5,000, which represent new purchases, or extend the life of existing fixed assets. The current estimated useful lives are as follows:

Furniture and equipment	5-10 years
Curriculum design and internal use of software	3 years
Leasehold improvements	Lesser of lease term or 15 years

The useful lives are estimated based on historical experience with similar assets, taking into account anticipated technological or other changes.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

Impairment of Long-Lived Assets

The Organization reviews long-lived assets, including property and equipment, for impairment whenever events or changes in business circumstances indicate that the carrying amount of an asset may not be fully recoverable. An impairment loss would be recognized when the estimated future cash flows from the use of the asset are less than the carrying amount of that asset. As of June 30, 2020, there have been no such losses.

Revenue Recognition

The Organization reports gifts of cash and other assets as with donor restriction if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires—that is, when a stipulated time restriction ends, or purpose restriction is accomplished—with donor-restriction net assets are reclassified to without donor-restriction net assets and reported in the consolidated statement of activities as net assets released from restrictions.

Unconditional promises to give with payments due in future periods are presumed to be time-restricted by the donor until received and are reported as with donor-restriction net assets.

Conditional promises to give are recognized when the conditions on which they depend upon are substantially met. Until that point, any amounts received are recorded as refundable advances.

The Organization reports gifts of land, buildings and equipment as without donor restriction unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as with donor restriction. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

The Organization has contracts with government and third parties for the performance of various services. The Organization recognizes revenue as expenses are incurred, to a maximum of the grant award. The Organization records deferred revenue for receipts received in advance of the program performance.

Training fees are recorded as revenue when training services are provided. License fees, material sales and royalty income are recognized when earned.

In-Kind Contributions

Amounts are reported in the consolidated financial statements for voluntary donations of services if those services create or enhance non-financial assets or require specialized skills provided by individuals possessing those skills and would typically be purchased if not provided by donation.

Typically, the Organization's programs are taught by teachers and youth workers who are paid directly by their institutions. These individuals are an integral part of delivering the Organization's programs to its targeted students. The Organization, therefore, includes an average portion of those salaries (based on the hours delivering the Organization experience) in the consolidated financial statements as a required specialized skill provided, which would have to be purchased if it were not paid for by others.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

Inventories

Inventories consist of educational materials used in programs and also sold to third parties. Inventories are stated at the lower of cost or market. Cost is determined by the weighted-average cost method.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses and other disclosures in the consolidated financial statements. Accordingly, actual results could differ from those estimates.

Income Taxes

The Organization was incorporated in the state of New York and is exempt from federal and state income taxes under Sections 501(c)(3) and 509(a)(3) of the Internal Revenue Code (IRC) and, therefore, has made no provision for income taxes in the accompanying consolidated financial statements. In addition, NFTE Endowment Fund, Inc. is a type 2 supporting organization, and the Organization has been determined by the Internal Revenue Service (IRS) not to be a “private foundation” within the meaning of Section 509(a) of the IRC.

Accounting for Uncertainty in Income Taxes

The Organization follows the provisions of U.S. GAAP, which state that an organization must recognize the tax liability associated with tax positions taken for tax return purposes when it is more likely than not the position will not be sustained upon examination by a taxing authority. The Organization does not believe it has taken any material uncertain tax positions and, accordingly, it has not recorded any liability for unrecognized tax benefits. The Organization has filed for and received income tax exemptions in the jurisdictions where it is required to do so. Additionally, the Organization has filed IRS Form 990 information returns, as required, and all other applicable returns in jurisdictions where so required.

Comparative Financial Information

The consolidated financial statements include certain prior-year summarized comparative information. With respect to the consolidated statement of activities, prior-year information is not presented by net asset class. With respect to the consolidated statement of functional expenses, the prior-year expenses by expense classification are presented in total rather than by functional category. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. GAAP. Accordingly, such information should be read in conjunction with the prior-year consolidated financial statements from which the summarized information was derived.

Concentration of Credit Risk

Financial instruments that potentially subject the Organization to concentration of credit risk consist primarily of cash and cash equivalents. At various times, the Organization has cash deposits at financial institutions, which exceed the Federal Deposit Insurance Corporation insurance limits. The Organization has not experienced any losses on cash and cash equivalents.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

Functional Allocation of Expenses

The costs of providing the Organization's various programs and other activities have been summarized on a functional basis in the accompanying consolidated financial statements. Accordingly, certain costs have been allocated among the programs and supporting services benefited using specific identification and allocation percentages based on management's calculations. Direct expenses are assigned to the various programs and supporting services based upon actual costs incurred. Certain categories of expenses are attributable to one or more program or supporting functions of the Organization. Those expenses are allocated based upon various allocation factors, including square footage occupied and time and effort.

Fair Value Measurements

U.S. GAAP defines fair value, establishes a framework for measuring fair value and expands the disclosures about fair value measurements. U.S. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in a principal or most advantageous market. Fair value is a market-based measurement that is determined based on inputs, which refer broadly to assumptions that market participants use in pricing assets or liabilities. These inputs can be readily observable, market-corroborated, or unobservable. U.S. GAAP established a fair value hierarchy, which prioritizes the inputs to valuation techniques used to measure fair value in three broad levels. The standard requires that assets and liabilities be classified in their entirety based on the level of input that is significant to the fair value measurement. Assessing the significance of a particular input may require judgment considering factors specific to the asset or liability and may affect the valuation of the asset or liability and their placement within the fair value hierarchy. The Organization classifies fair value balances based on the fair value hierarchy defined by U.S. GAAP, as follows:

Level 1 - Valuations are based on observable inputs that reflect quoted market prices in active markets for identical investments at the reporting date.

Level 2 - Valuations are based on (i) quoted prices - those investments, or similar investments, in active markets; (ii) quoted prices - those investments, or similar investments, in markets that are not active; or (iii) pricing inputs other than quoted prices that are directly or indirectly observable at the reporting date. Level 2 assets include those investments or similar investments that are redeemable at or near the balance sheet date and for which a model was derived for valuation.

Level 3 - Valuations are based on pricing inputs that are unobservable and include situations where (i) there is little, if any, market activity for the investments; (ii) the investments cannot be independently valued; or (iii) the investments cannot be immediately redeemed at or near the fiscal year-end.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investment return, net, is recognized when earned and consists of interest, dividends, and realized and unrealized gains and losses, less direct external investment expenses. Dividends are recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

Risks and Uncertainties - Investments

The Organization's investments consist of a variety of investment securities and investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of the Organization's investments will occur in the near term and that such changes could materially affect the amounts reported in the accompanying consolidated financial statements.

Applicability of the New York Prudent Management of Institutional Funds Act

On September 17, 2010, New York state enacted NYPMIFA. This law, which is a modified version of The Uniform Prudent Management of Institutional Funds Act (UPMIFA), made significant changes to the rules governing how New York not-for-profit organizations may manage, invest and spend their endowment funds. The law is designed to allow organizations to cope more easily with fluctuations in the value of their endowments and to afford them greater access to funds needed to support their programs and services in difficult financial times.

Nonretirement Postemployment Benefits

The Organization provides certain postemployment benefits to eligible former or inactive employees and their dependents during the period subsequent to employment but prior to retirement and accrues for the related cost over the service lives of the employees. These benefits include certain healthcare coverage and severance benefits.

Accounts Receivable, Net

Accounts receivable represents government contract and third-party revenues that have been billed but not collected as of the date of the accompanying consolidated financial statements. The Organization provides an allowance for doubtful accounts based upon prior-year experience and management's assessment of the collectability of specific accounts. The allowance for doubtful accounts was \$31,994 for the year ended June 30, 2020.

Recently Adopted Accounting Pronouncement

Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (ASU 2018-08)

In June 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-08, *Not-For-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This update clarifies and improves current guidance by providing criteria for determining whether the resource provider is receiving commensurate value in return for the resources transferred, which, depending on the outcome, determines whether the Organization follows contribution guidance or exchange transactions guidance in the revenue recognition and other applicable standards. The update also provides a more robust framework for determining whether a contribution is conditional or unconditional, and for distinguishing a donor-imposed condition from a donor-imposed restriction. The guidance is effective for the Organization's fiscal year 2020. Refer to Note 5 for the conditional grant at June 30, 2020.

Notes to Consolidated Financial Statements

Accounting Pronouncements Issued but Not Yet Adopted

Revenue from Contracts with Customers (Topic 606)

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, which is a comprehensive new revenue recognition standard that will supersede existing revenue recognition guidance. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The FASB also issued ASU 2020-05, which deferred the effective date for the Organization until annual periods beginning after December 15, 2019. Earlier adoption is permitted, subject to certain limitations. The amendments in this update are required to be applied retrospectively to each prior-reporting period presented or with the cumulative effect being recognized at the date of initial application. The Organization is currently evaluating the impact of this ASU on its consolidated financial statements.

Leases (Topic 842)

On February 25, 2016, the FASB issued ASU 2016-02, *Leases*, which will require lessees to recognize a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis, and a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. The FASB also issued ASU 2020-05, which deferred the effective date for the Organization until annual periods beginning after December 15, 2021. The Organization is currently evaluating the impact of this ASU on its consolidated financial statements.

Fair Value Measurement

ASU 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, was issued as part of the FASB disclosure framework project to improve the effectiveness of disclosures about fair value measurements required under Accounting Standards Codification (ASC) 820. The ASU amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying and adding certain disclosures. The ASU is effective for fiscal years beginning after December 15, 2019. Early adoption of the ASU is permitted. An entity is permitted to early-adopt all disclosure requirements in the ASU or early-adopt only the removed and modified disclosure requirements, while delaying adoption of the additional disclosures until their effective date. The Organization is currently evaluating the impact of this ASU on its consolidated financial statements.

The remainder of this page intentionally left blank.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

3. Liquidity and Availability of Resources

The Organization's financial assets available for use within one year of the consolidated statement of financial position date for general expenditure are as follows:

June 30, 2020

Cash and cash equivalents	\$	5,019,749
Accounts receivable, net of allowance		106,602
Contributions receivable, net		2,603,560
Appropriation of investment return for operation		750,476
Total Financial Assets Available to Management for General Expenditures		8,480,387
Less:		
Amounts unavailable to management for general expenditures within one year:		
Contributions receivable, non-current portion		(1,005,000)
Total Financial Assets Available to Management for General Expenditures Within One Year	\$	7,475,387

Liquidity Management

The Organization expects approximately \$4.1 million of amounts restricted with purpose restrictions to be released within one year. In relation to with donor-restriction net assets, management has the ability to adjust expenditures based on cash available; therefore, these amounts are not included in the table above as a reduction to total financial assets available to management for general expenditures within one year.

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations become due. In addition, the Organization invests cash in excess of daily requirements in short-term investments. To help manage unanticipated liquidity needs, the Organization also has a committed line of credit in the amount of \$1,700,000, which was undrawn at June 30, 2020.

4. Fair Value Measurements

The Organization's assets and liabilities recorded at fair value have been categorized based upon a fair value hierarchy in accordance with U.S. GAAP. See Note 2 for a discussion of the Organization's policies regarding this hierarchy.

A description of the valuation techniques applied to the Organization's major categories of assets measured at fair value are as follows. There were no changes in valuation methodology as of June 30, 2020.

Money-Market Fund - The money-market fund is valued based on the net asset value (NAV) of the shares held by the Organization. NAV is based upon the fair value of the money-market fund's underlying investments. The Organization's investments in the money-market fund can be redeemed immediately at the current NAV per share. There were no unfunded commitments as of June 30, 2020.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

Mutual Funds - The Organization has investments in mutual funds. For these investments, the Organization has ownership interest in the mutual fund but not in the individual securities held by the fund. The assets of each mutual fund consist primarily of shares of the underlying holdings. These mutual funds are invested primarily in investment-grade bonds and large and mid-capitalization equity securities. Each mutual fund's NAV is the value of a single share, which is actively traded on national securities exchanges. The mutual funds are valued at the last unadjusted quoted NAV of shares held on a daily basis and are classified as Level 1.

Fund of Hedge Funds - The Organization invests with a fund of hedge funds manager. For this investment, the Organization has access to the manager but not to the individual positions of the manager. A significant amount of the fund of hedge funds' investments consists of illiquid assets. The Organization uses NAV or its equivalent as a practical expedient to determine the fair value of all investments that (i) do not have a readily determinable fair value and (ii) prepare its investees' financial statements consistent with the measurement principles of an investment company or an entity with the attributes of an investment company. Investments for which fair value is measured using NAV per share or its equivalent as a practical expedient have not been categorized within the fair value hierarchy, and certain related tables have been appropriately excluded from the consolidated financial statements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Organization's financial assets at fair value:

June 30, 2020

	Level 1	Total
Money-market fund	\$ 1,066,568	\$ 1,066,568
Mutual funds	10,536,939	10,536,939
Total in the Fair Value Hierarchy	\$ 11,603,507	11,603,507
Fund of hedge funds*		46,914
Total		\$ 11,650,421

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy table. The fair value amounts presented in the preceding table are intended to permit reconciliation of the fair value hierarchy to the accompanying consolidated statement of financial position.

The Organization had no financial assets or financial liabilities that were measured at fair value on a non-recurring basis during the year ended June 30, 2020. In addition, there were no transfers between levels during the year ended June 30, 2020.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

In accordance with ASU 2009-12, the Organization’s disclosures include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the NAV per share or its equivalent for which the fair value is not readily determinable as of June 30, 2020.

The following table sets forth a summary of the Organization’s investments with a reported NAV:

June 30, 2020

Investments	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
SIRE SPV, LLC	\$ 46,914	None	None	Redemptions are made based on the value of assets that are liquidated, less expenses incurred	None

5. Contributions Receivable, Net

Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows using a discount rate of 0.75%.

The Organization’s contributions receivable consist of:

June 30, 2020

Amounts due in:	
One year or less	\$ 1,615,956
Between two to five years	980,000
Thereafter	25,000
	2,620,956
Less: discount to present value	(17,396)
	\$ 2,603,560

NFTE received a conditional promise to give for \$2,000,000. This pledge is a challenge grant and is contingent on NFTE raising at least this same amount by December 2020 from other third-party sources in support of certain specified projects within the challenge time frame. As of June 30, 2020, NFTE had collected \$0 of that pledge. At June 30, 2020, NFTE has a total conditional pledge in the amount of \$2,000,000. A corresponding pledge receivable has not been recorded on the consolidated statement of financial position, as the conditional pledge is contingent upon fulfilling milestones.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

6. Fixed Assets, Net

Fixed assets, net, consist of the following:

June 30, 2020

Leasehold improvements	\$	275,395
Computer equipment		791,844
Furniture and fixtures		548,139
Curriculum design and internal-use software		1,199,939
		<hr/>
		2,815,317
Less: accumulated depreciation and amortization		(2,734,681)
		<hr/>
	\$	80,636

For the year ended June 30, 2020, depreciation and amortization expense was \$38,694.

7. Retirement Plan

The Organization has a 403(b) defined contribution plan (the Plan), which is offered to all employees of the Organization. Employees are permitted to make voluntary contributions to the Plan based on a percentage of their annual compensation but not more than permitted under IRS regulations. The Organization makes discretionary matching contributions of 50% of employee voluntary contributions, not to exceed 3% of the employee's base compensation. The Organization expensed \$110,689 in matching contributions for the year ended June 30, 2020.

8. Other Liabilities

The Organization signed an agreement with one former senior executive, which include payments in future years. As of June 30, 2020, \$75,000 remained payable under this agreement. This amount is reflected as other liabilities in the consolidated statement of financial position as of June 30, 2020.

9. Commitments and Contingencies

Operating Leases

The Organization leases office space under various leases expiring at various dates through June 30, 2025.

Future minimum annual lease payments are as follows:

Year ending June 30,

2021	\$	558,008
2022		553,386
2023		553,386
2024		553,386
2025		415,040
		<hr/>
	\$	2,633,206

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

The Organization entered into a 15-year lease agreement in November 2009, which included eight months of free rent. For consolidated financial statement purposes, base rent is amortized on a straight-line basis over the term of the lease at an average monthly amount of \$40,356. The amortized free rent is equivalent to approximately \$323,000 over the life of the lease. Rent expense and deferred rent amounted to \$664,652 and \$322,541, respectively, for the year ended June 30, 2020.

The Organization has a letter of credit with a financial institution in the amount of \$228,672 to cover the security deposit on the lease space for the New York City office. The initial letter of credit is automatically extended annually on March 31, however, not beyond May 30, 2025, unless either party gives a 60-day written notice for expiration.

Third-Party Vendor Ransomware Attack

On July 16, 2020, the Organization was notified by its third-party vendor that manages its donor information that a ransomware attack occurred in May 2020 on the third-party vendor's back-up system in which certain data was exfiltrated. The third-party vendor took immediate and decisive action to address the incident. The Organization has notified its donors of this incident. This incident has had no impact on the Organization's operations or the data on the Organization's system. As of the date of this report, the Organization cannot estimate the financial impact this event will have on its financial position, if any, and as a result, the Organization has not accrued any liability.

10. With Donor-Restriction Net Assets - Purpose-Restricted

With donor-restriction net assets are available for the following purposes:

June 30, 2020

Program office delivery	\$	467,380
Multiple programs and operations		4,740,016
	\$	5,207,396

With donor-restriction net assets were released from restrictions in fulfillment of the following purposes or due to the expiration of time restrictions:

Year ended June 30, 2020

Program office delivery	\$	795,793
Partner programs		117,500
Entrepreneurship teacher corps		734,759
Curriculum and platform development		744,075
Multiple programs and operations		8,266,487
	\$	10,658,614

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

11. With Donor-Restriction Net Assets - Held in Perpetuity

With donor-restriction net assets - perpetual-in-nature represent donor-restricted contributions to be held in perpetuity. Those contributions plus the pro rata share of the change in portfolio valuation are expendable for the following purposes:

June 30, 2020

Regional programs	\$	42,059
Teacher training and development		2,277,966
Deferred compensation		511,108
Volunteers		150,000
Alumni services		912,665
Multiple programs and operations		6,838,793
	\$	10,732,591

12. Line of Credit

The Organization has a \$1,700,000 secured working capital line of credit with a bank, which is available through February 14, 2021 and is subject to annual renewal. The interest rate is subject to change from time to time based on changes in the London Inter-bank Offered Rate (LIBOR). The loan is collateralized by a perfected security interest in the Organization's inventory, chattel paper, accounts receivable, equipment, and general intangibles. At June 30, 2020, there was no outstanding line of credit balance.

13. Teachers' and Other In-Kind Contribution

The Organization's valuation of teachers' in-kind contribution for the year ended June 30, 2020 totaled \$4,812,744. This represents 108,375 classroom hours that the Organization taught. The average teacher salary was selected on a city-by-city basis from the U.S. Department of Labor - Bureau of Labor Statistics. The remaining in-kind amount of \$6,000 relates to other support provided.

14. Endowment Fund

NFTE Endowment Fund, Inc. is a separate legal entity and is governed by a separate Board of Directors and maintains a donor-restricted endowment fund (the Endowment Fund) consisting of various funds that have been established for various purposes and have been classified as with-donor-restriction net assets - held in perpetuity (see Note 11).

The Board of Directors of NFTE Endowment Fund, Inc. has interpreted NYPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Endowment Fund is classified as with donor restriction - perpetual in nature and includes the following:

- The original value of gifts donated to the endowment
- The original value of subsequent gifts to the endowment

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

- Accumulation of the endowment made in accordance with the direction of applicable donor instructions

The remaining portion of the Endowment Fund that is not classified as with donor restriction - perpetual in nature is classified as with donor restriction - purpose-restricted until those amounts are appropriated for expenditure by NFTE Endowment Fund, Inc. in a manner consistent with the donor's intent. In accordance with NYPMIFA, NFTE Endowment Fund, Inc. considers the following factors in making a determination to appropriate or accumulate Endowment Fund:

- The duration and preservation of the fund
- The purposes of NFTE Endowment Fund, Inc. and the Endowment Fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- The investment policies of NFTE Endowment Fund, Inc.
- Other resources of NFTE Endowment Fund, Inc.

The following table provides a reconciliation of the change in NFTE Endowment Fund, Inc.'s Endowment Fund net assets:

Year ended June 30, 2020

	Without Donor Restriction	With Donor Restrictions	Total
Endowment Net Assets (Deficit),			
beginning of year	\$ (750,476)	\$ 13,136,126	\$ 12,385,650
Investment return, net	-	90,930	90,930
Appropriation of endowment assets			
for expenditure	-	(826,159)	(826,159)
Other changes	750,476	(750,476)	-
Endowment Net Assets,			
end of year	\$ -	\$ 11,650,421	\$ 11,650,421

NFTE Endowment Fund, Inc. has adopted investment and spending policies for endowment assets that attempt to provide sufficient income to meet various program and operational expenses, and to extend the pursuit of NFTE Endowment Fund, Inc.'s mission in perpetuity. Of the \$11,650,421, \$10,732,591 is included in net assets with donor restrictions - held in perpetuity, with the remaining amount of \$917,830 is included in net assets with donor restrictions - purpose-restricted.

Under this policy, as approved by the Board of Directors of NFTE Endowment Fund, Inc., the investment performance of NFTE Endowment Fund, Inc.'s portfolio will be measured relative to the following benchmarks:

- S&P 500 for the Vanguard 500 Index Fund Investor
- S&P 500 Index for the Davis New York Venture Fund

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

- Morningstar Large-Cap Value Index for the Sound Shore Fund
- Barclays Capital U.S. Aggregate Index for BlackRock Total Return
- Dow Credit Suisse Long/Short Equity Edge Fund Index for the Fund of Hedge Funds
- Barclays five-to-ten-year U.S. Credit Index for the Vanguard Intermediate Term Investment Grade Fund

To satisfy its long-term rate-of-return objectives, NFTE Endowment Fund, Inc. relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). NFTE Endowment Fund, Inc. targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

NFTE Endowment Fund, Inc.'s asset allocation also includes alternative equity investments. Within the alternative equity investment categories, NFTE Endowment Fund, Inc. is mindful of each investment manager's strategies and the liquidity of each manager's investment portfolio (see Note 4).

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or NYPMIFA requires the Organization to retain as a fund of perpetual duration. There were no deficiencies as of June 30, 2020.

NFTE Endowment Fund, Inc. may appropriate for distribution each year 5% of its invested assets based upon their rolling average value over the prior 12 quarters, which is in line with their targeted rate of return. In establishing this policy, NFTE Endowment Fund, Inc. considered the long-term expected return on its endowment. Accordingly, over the long term, NFTE Endowment Fund, Inc. expects the current spending policy to allow its endowment to grow annually.

For fiscal year 2020, the Board of Directors of NFTE Endowment Fund, Inc. approved for appropriation \$803,750, which is included in net assets released from restrictions in the consolidated statement of activities.

15. Risks and Uncertainties - COVID-19 and CARES Act

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

In order to help stem the spread of COVID-19, the Organization has temporarily closed all of its physical locations on March 6, 2020, moved its operations to a fully remote environment and restricted all non-essential travel to protect its employees and customers from the spread of this virus, consistent with governmental restrictions and guidance. The corporate headquarters and regional offices were closed, except for critical functions related to the support of remote workers and the flow of business operations. Currently, the Organization considers these closures to be temporary. At this time, management does not anticipate an adverse impact on operations, should these closures continue indefinitely into the future, or become permanent, if management concludes a physical office presence is no longer necessary.

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

The Organization's operations are heavily dependent on funding from donors, school districts and Community-Based Organizations (CBO) to provide services to the public. Additionally, funding from school districts and CBOs may be subject to budget modifications depending on appropriations by federal, state and local governmental sources. The Organization restricted travel and contact with the public, which inherently reduced expenditures and corresponding cash outlays. The Organization does not anticipate lifting these restrictions or returning to office space until the COVID-19 pandemic is controlled and a course of treatment is widely available to the public. If the Organization chooses to return to normal operations, it may incur incremental and other COVID-19 pandemic-related expenses. COVID-19-related expenses consist of additional costs to the Organization to protect its employees, contractors, and customers, and to support social distancing requirements resulting from the pandemic. These costs could include, and are not limited to, new or added benefits provided to employees, the purchase of additional personal protection equipment and disinfecting supplies, additional facility cleaning services, and increased technology expenses to support remote working, where possible.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full impact that the pandemic will have on the Organization's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce.

Although the Organization cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, as the pandemic continues, it may have a material adverse effect on the Organization's results of future operations, financial position, and liquidity in fiscal year 2021.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (the CARES Act) was enacted. The CARES Act, among other things, includes provisions relating to refundable payroll tax credits, deferment of employer side social security payments, net operating loss carryback periods, alternative minimum tax credit refunds, modifications to the net interest deduction limitations, increased limitations on qualified charitable contributions, and technical corrections to tax depreciation methods for qualified improvement property.

It also appropriated funds for the Small Business Administration's Paycheck Protection Program (PPP) loans that are forgivable in certain situations to promote continued employment, as well as Economic Injury Disaster Loans (EIDL) to provide liquidity to small businesses harmed by COVID-19.

Based on the CARES Act, the Organization has applied for and has received funds under the Small Business Administration's PPP in the amount of \$1,079,700. The application for these funds requires the Organization to, in good faith, certify that the current economic uncertainty made the loan request necessary to support the ongoing operations of the Organization. This certification further requires the Organization to take into account its current business activity and its ability to access other sources of liquidity sufficient to support ongoing operations in a manner that is not significantly detrimental to the business. The receipt of these funds, and the forgiveness of the loan attendant to these funds, is dependent on the Organization having initially qualified for the loan and qualifying for the forgiveness of such loan based on our future adherence to the forgiveness criteria. The Organization intends to apply for loan forgiveness under the PPP. The Organization also applied for a loan for \$150,000 available through the EIDL for which the proceeds was received on July 2, 2020.

Based on the CARES Act, the Organization is eligible for the Employee Retention Credit. The Organization did not utilize this credit during the quarter April 1, 2020 through June 30, 2020. The

Network for Teaching Entrepreneurship and Related Organization

Notes to Consolidated Financial Statements

Organization did not defer or delay any timely payment of payroll taxes during the quarter April 1, 2020 through June 30, 2020.

16. Loans Payable

On April 20, 2020, NFTE received a loan under the PPP in the amount of \$1,079,700 from a financial institution. The loan bears a fixed interest rate at 1.00% per annum and matures on April 20, 2022. The outstanding amount of principal balance at June 30, 2020 was \$1,079,700. Principal payments on the loan are deferred until maturity.

17. Subsequent Events

As noted in Note 15, the Organization temporarily closed all of its physical locations and moved to a fully remote work environment. Management does not believe a fully remote work environment has a negative financial or operational impact on the Organization. As a result, in September 2020, the Organization placed its headquarters office space, located at 120 Wall Street, New York, on the sublease market. No agreement for sublease has been entered into as of the date of this report, however, the opportunity exists.

Management has performed subsequent events procedures through December 7, 2020, which is the date that the consolidated financial statements were available to be issued. Other than as noted above and in Note 15, there were no other subsequent events identified that would require an adjustment to the consolidated financial statements or disclosure as a result of these procedures.
