

2022 COVID-19 Protocol

The [Network for Teaching Entrepreneurship \(NFTE\)](#) considers the health and safety of our students, teachers, staff, volunteers and guests a top priority. To that end, we are working closely with venues, vendor partners and local governments across the country to ensure our Youth Entrepreneurship Challenges are as safe as possible.

NFTE is providing this COVID-19 protocol in advance of the events, so attendees can prepare accordingly. We reserve the right to adjust our protocol should federal and local government change their public health regulations, mandates or guidance.

What can you expect at this year's challenges?

| | |
|--|---|
|  <p>Vaccination & Identification</p> | <p>NFTE requires attendees – including guests, competitors, staff, and volunteers – to present proof of vaccination <u>or</u> a negative COVID-19 PCR lab test within 72 hours along with their government-issued ID.</p> <p>“Fully vaccinated” means it has been at least two weeks (14 days) since you completed either the second dose in a two-dose series (e.g., Pfizer-BioNTech, Moderna, AstraZeneca) or a single dose of the Johnson & Johnson (J&J)/Janssen vaccine.</p> |
|  <p>Mask or Facial Covering</p> | <p>Though optional, mask wearing is highly recommended for your safety.</p> |
|  <p>Other Safety Measures</p> | <p>Guest health was a key consideration when planning the food and beverages that will be served.</p> <p>However, anyone who registers for or participates in this event acknowledges that they knowingly and freely assume all risk associated with attendance, including possible exposure to and illness from infectious diseases such as COVID-19.</p> |
