Activating the Entrepreneurial Mindset

NFTE empowers youth to approach the world with an innovator’s eye and a founder’s grit, not only during the NFTE course but for the rest of their lives. An entrepreneurial mindset prepares young people for success throughout life.

In partnership with the Educational Testing Service (ETS), NFTE has developed the Entrepreneurial Mindset Index – a valid assessment to measure mindset growth. We thank EY for its signature support of this effort.
Impact & Outcomes

NFTE students apply the entrepreneurial mindset—succeeding in the workplace, starting businesses, and furthering their education.

96% of NFTE seniors are on track to graduate high school on-time compared to less than 80% among their peers.

Female NFTE students show larger gains from pre- to post-EMI than their male counterparts.

1 in 4 NFTE alumni have started at least one business.

NFTE students significantly increased their overall entrepreneurial mindset compared to their non-NFTE peers.
